

Content

<u>Opening Session</u>	1
Converging Bio-Technologies to Implement eHealth Knowledge Sharing , Giuseppe Tritto	2
Telemedicine in India: The Apollo Story , Krishnan Ganapathy	6
<u>Session 1: eHealth: Essential Support to Surgery and Traumatology</u>	14
A Telediagnosics of Fracture Healing Progress , W. Glinkowski, J. Żyłkowski, A. Wojciechowski et al.	15
An Out-patient Survey of Plastic Surgery Patients , M Nayeemuddin, M A Majeed, A Muneer, A Misra	21
Colour Fidelity of Digital Skin Images: Subjective Estimation by Dermatologists , N. V. Matveev	26
Inexpensive Telemedicine Applications and Trauma System Development in Latin America: Ecuador's Experience , M. Aboutanos, F. Mora, M. Duong et al.	28
Telescreening of the Posture and Spinal Deformations followed by Telerehabilitation project - Current Status , W. Glinkowski, R. Sitnik, K. Mąkosa et al.	33
The Feasibility of Remotely Supported Myofeedback Treatment (RSMT) in Women with Neck-shoulder Pain due to Computerwork , M. H. A Huis in 't Veld, B. C. H Huijgen, L. Schaake et al.	40
Tools for Global Healthcare for All, Any Time, Anywhere: Ubiquitous Healthcare , G. Grasczew, T. Roelofs, S. Rakowsky, P. Schlag	44
Visualization of Multidimensional Biomedical Data using GRID Technologies , G. Varoneckas, J. Zilinskas, A.	48

Martinkėnas et al.

Session 2: Mobile eHealth Solutions **52**

A Telemedical Therapy-management System with Rule-based Active Patient Feedback, M. Pinsker, P. Kastner, G. Schreier **53**

Concepts and Strategies for Personalized Biofeedback-Therapies, P. Friedrich, A. Scholz, J. Clauss et al. **57**

Contex-aware Mobile Teletreatment for Patients with Chronic Pain, M. M. R. Vollenbroek-Hutten, M. van Weering, M. H. A Huis in 't Veld , H. J. Hermens **61**

Mobile and Wireless Technologies for eHealth Provision in Africa: Opportunities for GSM-Based Patient Centric Services, A. Ilyemi, C. Fitch, D. T. Parry **64**

Mobile ECG – A New eHealth Solution for Telecardiology based on eHIT Health Gateway Platform, F. Galbiati, K. Takizawa, A. Holopainen **73**

Telemedicine in a Complex of Socially Important Services to the Population in Russia and CIS countries, M. Ya. Natenzon, B. V. Kristalny **77**

The Mobile Doctor: Ambient Medicine® through Sensor-aided Personalized Telemedical Devices, P. Friedrich, A. Scholz, J. Clauss et al. **83**

Session 3: eHealth for Developing Countries: Lessons Learned **87**

An Electrodermal Activity Psychophysiologic Model, H. Gamboa, A. Fred **88**

An Introduction to Next Generation Digital Healthcare Services, Z. H. Yao, L. Androuchko **92**

Creating an Eco System for Delivery of Healthcare to the Rural and Remote Hospitals using SATCOM Technology: **95**

The Indian Experiences , R. L. N. Murthy, L. S. Satyamurthy, A. Bhaskaranaryana	
EHAS Program: Exitoso project in Telecommunications or in Telemedicine? R. Medeiros, J. Wainer	99
E-Health in Iran: Obstacles and Solutions , A. Golchin	108
Personal Electronic Health Diary for Developing Countries (PeHD) , S. A. Shabbir	111
Role of International Organization in the Promotion and Marketing of eHealth Services for Developing Countries , V. Androuchko, P. Nuq	116
The Role of Telecommunication in eHealth Services for Developing Countries , L. Androuchko	122
<u>Session 4: Advanced Systems Strategies for e-Hospitals</u>	130
A Framework to Support Intelligent Hospital Information System , N. Koutsouris, K. Tsagkaris, F. Malamateniou, P. Demestichas	131
Automatic Microbiological Laboratory Based Surveillance: The Micronet Project , F. D’Ancona, C. Rizzo, S. Gamberini	135
Simulations and Usability in the Evaluation of Pre-hospital Emergency Care: A Case Study , S. Turunen, J. Holopainen, H. Jäntti et al.	140
The Romanian-Italian Telemedicine Project , V. D. Moga, M. Moga, L. Stoicu-Tivadar et al.	146
<u>Session 5: Efficiency in eHealth</u>	150
Improving eHealth Quality and Safety , A. C. M. Dumay	151
Methods for Estimation of Efficiency of Telemedical	160

Consultation, A. V. Vladzimirskyy

Qualitative study: Evolution of the Model in Teleassistance and Healthcare, L. C. Fernández, I. de Andrés, L. del Arbol 164

Session 6: Successes in Telecardiology 168

A Geo-eHealth System for Large Scale Epidemiological Blood Pressure Assessment, G. Schreier, S. Welte, Hayn, P. Kastner 169

A Telecardiology Service Quality Model, A. N. Kastania, S. Demarias, S. Kossida 173

Applicability of Lead V2 ECG Measurement in Biometrics, H. Silva, H. Gamboa, A. Fred 177

Design of Online ECG Measurement System using Lab View Software, N. P. Chowdhry, A. Ali, B. S Chowdhry, A. Q. K Rajput 181

Minas Telecardio: Telecardiology in the Public Health System of Minas Gerais, Brazil, M .B .M. Alkmim, A. L. P. Ribeiro, C. S. Cardoso et al. 187

Telecardiology for Developing Country: Is it Feasible to Arrange? V. Androuchko, M. Nashi 191

Telemonitoring by Congestive Heart Failure: Predictive Value of Blood Pressure and Weight Instability in the Early Detection of Pending Cardial Decompensation, D. Baden, J. Fleck, M. Klingelberg et al. 196

Session 7: Best Practices of European eHealth Expertise 201

ACUBASE - On-line System for High Quality Acute Toxicity Data Acquisition and Management, R. Rzepka, R. Rudowski, A. Kinsner, D. Sladowski 202

Connected Health: Delivering Safe, Affordable and Accessible 205

Healthcare, T. Stroemsnes

Financing Opportunities Available at EU and National Level to Support and Boost Investment in eHealth, L. Botifoll 207

Snomed CT Standard in e-Health: Is it Really Needed? R. Rudowski, M. Grabowski, J. Michalik, B. Kaczynski 212

Study of the Expediency of Implantation of National Systems of Medical and Pharmaceutical Information via the Internet in Ukraine and Russia, which is Made on the Base of Ukrainian Project DOCTOR.UA, A. A. Lendyak 215

Telemedicine at Sea, Communicational Challenges, F. Amenta, A. Tveito, D. Terning 219

Telepsychiatry in Denmark, D. Mucic 223

Session 8: International Telemedicine and eHealth Initiatives and Developments 228

A Need for Internationall Ethical and Medico-legal Guidelines for Telemedicine in Africa , M. Mars 229

Applications of Information Technologies for Research in Clinical Ophtalmology, A. Paunksnis, S. Kurapkienė, V. Barzdžiukas et al. 233

E-Health in Polish Local Hospitals: Present State, Requirements and Possibilities, M. Karlinska, R. Rudowski 236

ePathology – Virtual Pathology Center in Georgia, E.T. Kldiashvili 240

The Evolution of Telemedicine in India, K. Ganapathy 246

Session 9: Homecare Applications: Maintaining Quality of Life for Elderly, Disabled and People with Special Needs (Business Models, Experiences, and Solutions) 252

Ambient Assisted Living: Preparation of a New European Funding Programme , M. Huch, H. Strese	253
Forecasts for Consumers' Purchase of Integrated Home Healthcare Systems in the US , Rob Scheschareg	257
Medical Monitoring for Independent Living: User-centered Smart Home Technologies for Older Adults , O. A. Blanson Henkemans, K. E. Caine, W. A. Rogers, A. D. Fisk	263
The Patient Home Assistance Application Based on Telemedicine Service , S. Ionita, P. Anghelescu, S. Puscoci, M. M. Ionita	269
Video-Communication in Home Care: The Application and the Business Model , Thomas Pfeller	273
<u>Session 10: Telepaediatrics: Telemedicine and Child Health Experiences and Success Factors</u>	277
Eight Years of Experience in Telepaediatrics , B. Kobrinsky, N. Matveev	278
Pediatric Electronic Health Record in Hospital Information System “Svogija” , J. Vinarova , P. Mihova, I. Penjurov	280
Telemedical Videoconferencing: The Russian Experience , B. A. Kobrinsky	284
Telepediatrics: The University of California, Davis Children’s Hospital Experience , J .P. Marcin, K. Parsapour	288
<u>Session 11: e-Learning</u>	290
Camerino University (UNICAM) E-Health and Telemedicine Courses: A New Area for University Education , F. Amenta, S. K. Tayebati,D. Tomassoni	291

Evaluating the use of an Internet Course with Video Demonstration for Training Medical Students in Lifesaving Procedures in Trauma Care , F. S. Collet e Silva, N. D. Mori, A. C. Antunes et al.	295
The Organization and Implementation of Distance Education in Georgia , E. T. Kldiashvili	300
Virtual Man, Cybertutor: A Project in Dentistry , S. Soares, D. Castilio, C. A. P. P. Sgaviolli et al.	307
<u>Session 12: eHealth Solutions for Diabetes Management</u>	311
A Complete Mobile Phone Based eHealth Solution for Diabetes Management , A. Holopainen, F. Galbiati, K. Voutilainen	312
<u>Session 13: eHealth in Daily Practice</u>	316
An Electronic Health Records for Scotland: Legal Problems Regarding Access and Maintenance , R. Gertz	317
Brazilian National Telehealth Program , A. E. Haddad, M. B. M. Alkmim, C. L. Wen, S. Roschke	321
Consumer Attitude towards eHealth in Greece , C. E. Chronaki	324
Design Guidelines for the Improvement of Telemedicine Acceptance by Medical Professionals , P. E. Esser, R. H. M. Goossens, M. R. M. Crul	328
Providing after Hours Workforce Support to Rural General Practitioners in Tasmania, Australia: A Practical Application of ICT in Primary Care , J. A. Davis, D. J. W. Law	332
Reporting of a Telemedicine Centre to Involved Integrated Care Players , M. Klingelberg, D. Baden, M. Wähler et al.	336
Telecenters Networks for Complex Medical Services – TELMES , S. Puscoci, S. Ionita, F. Bajan, F. Șerbanescu	341

<u>Session 14: The Carinthian Notarzt (Emergency Physician) Information System (CANIS) Workshop</u>	346
CANIS – Quality Enhancement in Emergency Medicine through Wireless Wearable Computing, S. Grasser, J. Thierry, C. Stingl, C. Hafner	347
The Emergency Physician A Best or Burden? C. Hafner, J. Thierry, S. Grasser	351
