Content

**Opening Session**

Converging Bio-Technologies to Implement eHealth Knowledge Sharing, G. Tritto 2

eHealth Standardization and Training, M. Nerlich, A. Leis, B. Blobel 6

Telemedicine in India: The Apollo Story, K. Ganapathy, Aditi Ravindra 7

**Session 1 Bioinformatics and Bioeconomy for Human Life:**
Bio-Knowledge Sharing for Health e-Learning (WABT Workshop) 15

(Bio)Medical Knowledge centers Compunetics as the Foundation for Global e-Learning, L. Bos 16

F-Learning @ BINTEL: f-Community of Research, Z. Baracskai, E. Erdei, J. Velencei, V. Dörfler, Z. Baracskai 24

Intelligent Medical Database, Telemedicine and the Routine of Internal Medicine, C. Arnold, Z. Englert, M. Petrakanits 26

Knowledge Management and e-Learning in a Bioeconomic Framework, S. Margarita 28

New Bioeconomics and NBIC, G. Tritto, M. Panet 33

**Session 2: eHealth: Essential Support to Surgery and Traumatology** 35

A Telediagnostics of Fracture Healing Progress, W. Glinkowski, J. Żyłkowski, A. Wojciechowski, P. Picewicz, A. Górecki 36

Colour Fidelity of Digital Skin Images: Subjective Estimation by Dermatologists, N. V. Matveev 47

ESTELE: Expert system for tele-echography using a tele-operated light weight robot - The pilot phase, Ph. Arbeille, G. Poisson, P. Vieyres, D. Sallé, V. Dupourqué 49

Inexpensive Telemedicine Applications and Trauma System Development in Latin America: Ecuador's Experience, M. Aboutanos, F. Mora, M. Duong et al. 51

Match: Automated diagnosis system for the treatment of colon cancer by discovering mutations on tumour suppressor genes, A. Kupidura 56

Telescreening of the Posture and Spinal Deformations followed by Telerehabilitation project - Current Status, W. Glinkowski, R. Sitnik, K. Mąkosa et al. 58

The Feasibility of Remotely Supported Myofeedback Treatment (RSMT) in Women with Neck-shoulder Pain due to Computerwork, M. H. A Huis in ’t Veld, B. C. H Huijgen, L. Schaake et al. 65

Visualization of Multidimensional Biomedical Data using GRID Technologies, G. Varoneckas, J. Zilinskas, A. Martinkėnas et al. 73

Session 3: Mobile eHealth Solutions 77

A Telemedical Therapy-management System with Rule-based Active Patient Feedback, M. Pinsker, P. Kastner, G. Schreier 78

Aerotel's New Mobile Telemedicine Solutions: The Mobile The Mobile-CliniQTM and MDKeeperTM, D. Rubin, R. 82
Schliesser, O. Atzmon

**Concepts and Strategies for Personalized Biofeedback-Therapies**, P. Friedrich, A. Scholz, J. Clauss et al. 84

**Contex-aware Mobile Teletreatment for Patients with Chronic Pain**, M. M. R. Vollenbroek-Hutten, M. van Weering, M. H. A Huis in ’t Veld, H. J. Hermens 89

**Mobile and Wireless Technologies for eHealth Provision in Africa: Opportunities for GSM-Based Patient Centric Services**, A. Ilyemi, C. Fitch, D. T. Parry, J. Briggs 92

**Mobile ECG – A New eHealth Solution for Telecardiology based on eHIT Health Gateway Platform**, F. Galbiati, K. Takizawa, A. Holopainen 101

**Telemedicine in a Complex of Socially Important Services to the Population in Russia and CIS countries**, M. Ya. Natenzon, B. V. Kristalny 105

**Session 4 ETSI Workshop** 116

**Human Factors: User Experience Design Guidelines for Telecare Services (Workshop Description)**, Bruno von Niman, Steve Brown 117

**Session 5: Ageing Services Technologies: Lessons from Providers and Consumers (IAHSA Workshop)** 126

Ageing Services Technologies: Lessons from Providers and... 127
Consumers – IAHSA Overview, J. C. Vanderhaegen

Ambient Assisted Living – Living in a technologically Assisted Environment, W. Meyer 129

Center for Aging Services Technologies: Vision for the Future of Aging Services, R. Scritchfield, K. Caine 130

Senior Living, User Requirements in the Perspective of Developing ICT Solutions, E. de Heus 132

The Search for a Balance between Artificial and Human Support for Elderly and Disabled People in Daily Life, P. Deboutte 134

Session 6: eHealth for Developing Countries: Lessons Learned 136

A Collaborative Service Platform for Integrating Health Care Programs N. K. Singh, P. S. Ramkumar 137

An Electrodermal Activity Psychophysiologic Model, H. Gamboa, A. Fred 140

An Introduction to Next Generation Digital Healthcare Services, Z. H. Yao, L. Androuchko 144

CFM/NAPRA Telemedicine Project: An efficient Tool to Provide Health Aid and Capacity Building to Isolated Riverside Population in the Amazon Rainforest, J. Ladeira, M. Salazar, F. S. N. Machado, G. Z. Martins 147

Creating an Eco System for Delivery of Healthcare to the Rural and Remote Hospitals using SATCOM Technology: The Indian Experiences, R. L. N. Murthy, L. S. Satyamurthy, A. Bhaskaranaryana 148
Delivering a Continuum of Care in Community based Settings using Web-based Personal Health Records, P. K. Gaur 152

EHAS Program: Exitoso Project in Telecommunications or in Telemedicine? R. Medeiros, J. Wainer 154

eHealth Challenges and Prospects in Africa O. J. Adebola 163

E-Health for Poor Bangladeshis: The Mobile Way, AHM Sultanur Reza, AMM Yahya 169

E-Health in Iran: Obstacles and Solutions, A. Golchin 171

Personal Electronic Health Diary for Developing Countries (PeHD), S. A. Shabbir 174

Role of International Organization in the Promotion and Marketing of eHealth Services for Developing Countries, V. Androuchko, P. Nuq 179

The Role of Telecommunication in eHealth Services for Developing Countries, L. Androuchko 185

Session 7: Advanced Systems Strategies for e-Hospitals 193

A Framework to Support Intelligent Hospital Information System, N. Koutsouris, K. Tsagkaris, F. Malamateniou, P. Demestichas 194

Automatic Microbiological Laboratory Based Surveillance: The Micronet Project, F. D’Ancona, C. Rizzo, S. Gamberini 198

eHealth @ Clinic, A. Leis 203

Increasing the Competitiveness of Hospitals through out an eHealth Portal to Connect Referring Doctors, C. Fehler1 K. Möbius 204

Simulations and Usability in the Evaluation of Pre-hospital
Emergency Care: A Case Study, S. Turunen, J. Holopainen, H. Jäntti et al.

Telemedicine Experience to Serve e-Clinics, A. I. Sel’kov, V. L. Stolyar, O. U. Atkov, E. A. Sel’kova, N. V. Chueva 211

The Romanian-Italian Telemedicine Project, V. D. Moga, M. Moga, L. Stoicu-Tivadar et al. 218

Session 8: Efficiency in eHealth 222

Economics and Marketing of Modern Telemedicine, A. Selko1, O. Atkov, V. Stolyar, N. Chueva, E. Selkova 225

Improving eHealth Quality and Safety, A. C. M. Dumay 227

Methods for Estimation of Efficiency of Telemedical Consultation, A. V. Vladzymyrskyy 236

Qualitative Study: Evolution of the Model in Teleassistance and Healthcare, L. C. Fernández, I. de Andrés, L. del Arbol 240

Session 9: Successes in Telecardiology 244

A Geo-eHealth System for Large Scale Epidemiological Blood Pressure Assessment, G. Schreier, S. Welte, Hayn, P. Kastner 245

A Telecardiology Service Quality Model, A. N. Kastania, S. Demarias, S. Kossida 249

Applicability of Lead V2 ECG Measurement in Biometrics, H. Silva, H. Gamboa, A. Fred 253

Computer Expert System for Risk Stratification and Therapeutic Decision Making in Acute Coronary Syndromes, 257
M. Grabowski, R. Rudowski

E-Prescribing and Medication Management: Contribution from Community Pharmacists, I. Silva, J. Chave,

Internet Survey on the Coronary Risk among Polish Web Users, M. Grabowski, T. Kozinski, FM. Szymanski, K. J. Filipiak, R. Rudowski, G. Opolski

Telecardiology for Developing Country: Is it Feasible to Arrange? V. Androuchko, M. Nashi

Telemonitoring by Congestive Heart Failure: Predictive Value of Blood Pressure and Weight Instability in the Early Detection of Pending Cardial Decompensation, D. Baden, J. Fleck, M. Klingelberg et al.

Session 10: Best Practices of European eHealth Expertise

ACUBASE - On-line System for High Quality Acute Toxicity Data Acquisition and Management, R. Rzepka, R. Rudowski, A. Kinsner, D. Sladowski

COCOON: GPs Risk Management system for GPs, V. Costigliola, L. Puccetti

Connected Health: Delivering Safe, Affordable and Accessible Healthcare, R. Carletto, T. Stroemsnes

Delivering Telehealth in Kent, England, H. Price

E-Health and Tourism: A New Opportunity, Margarida Colet

Med-e-Tel 2007
Jané, Pedro Mª Gonzalez Rodriguez

**European Citizens' Use of e-Health Services: A Study of Seven Countries**, A. Hege, M. Bujnowska-Fedak, C. Chronaki R. Dumitru, I. Pudule, S. Santana, H. Voss, R. Wynn 294

**Financing Opportunities Available at EU and National Level to Support and Boost Investment in eHealth**, L. Botifoll 296

**Risk Management in Regional Health Care strategies**, V. Costigliola, L. Puccetti 301

**Snomed CT Standard in e-Health: Is it Really Needed?** R. Rudowski, M. Grabowski, J. Michalik, B. Kaczynski 303

**Study of the Expediency of Implantation of National Systems of Medical and Pharmaceutical Information via the Internet in Ukraine and Russia, which is Made on the Base of Ukrainian Project DOCTOR.UA**, A. A. Lendyak 306

**Telemedicine at Sea, Communicational Challenges**, F. Amenta, A. Tveito, D. Terning 310

**Telepsychiatry in Denmark**, D. Mucic 314

**Session 11: International Telemedicine and eHealth Initiatives and Developments** 319

**A Need for International Ethical and Medico-legal Guidelines for Telemedicine in Africa**, M. Mars 320

**ALTERMED: An Opening up Concept for Isolated Locations (Description, Upgraded Results)**, A. Petitet, P. Traineu, A. Bili, G. Jan 324

**Applications of Information Technologies for Research in Clinical Ophtalmology**, A. Paunksnis, S. Kurapkienë, V. Barzdžiukas et al. 325

**Association of Ukrainian Telemedicine and eHealth** 328
Development, A. V. Vladzmyrskyy, V. G. Klymovytskyy, D. K. Kalinovskiy, I. V. Kutsenko, A. K. Rushay, V. V. Prykhodchenko

Danish Healthcare Model "Sundhed.dk" / How Denmark did achieve a National eHealth Infrastructure, A. Juhl 330

E-Health in Polish Local Hospitals: Present State, Requirements and Possibilities, M. Karlinska, R. Rudowski 331

ePathology – Virtual Pathology Center in Georgia, E.T. Kldiashvili 335

Five Years from the Introduction of the Method of “Distance Learning” in Medical Curriculum in Bosnia and Herzegovina, I. Masic 341

Southern Brazilian Projects in Telemedicine and eHealth, A. L. F Sparenberg, T. Russomano 343

Status of Austrian Telemedicine Activities, P. Soegner, V. Soegner-Tinhof, D. zur Nedden 345

The Evolution of Telemedicine in India, K. Ganapathy, A. Ravindra 347

Session 12: Homecare Applications: Maintaining Quality of Life for Elderly, Disabled and People with Special Needs (Business Models, Experiences, and Solutions) 353

A Telecare System using Digital TV to Assist People at Home, F. Sicurello, D. Bianco, F. Cesari et al. 354

Ambient Assisted Living: Preparation of a New European Funding Programme, M. Huch, H. Strese 355

Forecasts for Consumers' Purchase of Integrated Home Healthcare Systems in the US, Rob Scheschareg 359

ICT for Improving Care, Experience in Rehabilitation, H. J. 365

Large Scale Remote Monitoring of Long Term Conditions: A Changed Paradigm of Care, C. Plaskon 367

Medical Monitoring for Independent Living: User-centric Smart Home Technologies for Older Adults, O. A. Blanson Henkemans, K. E. Caine, W. A. Rogers, A. D. Fisk 368

Smart Houses and Smart living for Older People: Lessons Learnt from 10 Years Experience in the Netherlands, Ad van Berlo 374

The Patient Home Assistance Application Based on Telemedicine Service, S. Ionita, P. Anghelescu, S. Puscoci, M. M. Ionita 376

Video-Communication in Home Care: The Application and the Business Model, Thomas Pfeller 380

Session 13: Telepaediatrics: Telemedicine and Child Health Experiences and Success Factors 384

Aerotel's New Solutions for Child Care and Monitoring: The HeartOneTM and SKeeperTM, D. Rubin, R. Schliesser, O. Atzmon, R. Fogelman, A. Eisenberg 385

Baby Mobile: Mobilizing Virtual Baby Visit, P. Ketelaar1, R. Spanjers, S. Feuth 387

Eight Years of Experience in Telepaediatrics, B. K obrinsky, N. Matveev 389

Pediatric Electronic Health Record in Hospital Information System “Svogija”, J. Vinarova, P. Mihova, I. Penjurov 391

Telemedical Videoconferencing: The Russian Experience, B. A. K obrinsky 395

Telepaediatrics: The University of California, Davis Children’s 399
Hospital Experience, J. P. Marcin, K. Parsapour

Session 14: e-Learning

Camerino University (UNICAM) E-Health and Telemedicine Courses: A New Area for University Education, F. Amenta, S. K. Tayebati, D. Tomassoni

Evaluating the use of an Internet Course with Video Demonstration for Training Medical Students in Lifesaving Procedures in Trauma Care, F. S. Collet e Silva, N. D. Mori, A. C. Antunes et al.

Jumping into the e-Learning World: From Inception to Implementation, M. Zolfo, C. Kiyan, V. Renggli, I. de Waard, L. Lynen

The Organization and Implementation of Distance Education in Georgia, E. T. Kldiashvili

Virtual Man, Cybertutor: A Project in Dentistry, S. Soares, D. Castilio, C. A. P. P. Sgaviolli et al.

Session 15: eHealth Solutions for Diabetes Management

A Complete Mobile Phone Based eHealth Solution for Diabets Management, A. Holopainen, F. Galbiati, K. Voutilainen

Diabete, Telemedicine and Satellite, J. Beas-Garcia, H. Diez, L. Kleinebrell

Session 16: eHealth in Daily Practice
An Electronic Health Records for Scotland: Legal Problems Regarding Access and Maintenance, R. Gertz

Brazilian National Telehealth Program, A. E. Haddad, M. B. M. Alkmim, C. L. Wen, S. Roschke

Consumer Attitude towards eHealth in Greece, C. E. Chronaki

Design Guidelines for the Improvement of Telemedicine Acceptance by Medical Professionals, P. E. Esser, R. H. M. Goossens, M. R. M. Crul

Providing after Hours Workforce Support to Rural General Practitioners in Tasmania, Australia: A Practical Application of ICT in Primary Care, J. A. Davis, D. J. W. Law

Reporting of a Telemedicine Centre to Involved Integrated Care Players, M. Klingelberg, D. Baden, M. Wähner et al.

Telecenters Networks for Complex Medical Services – TELMES, S. Puscoci, S. Ionita, F. Bajan, F. Şerbanescu

Session 17: The Carinthian Notarzt (Emergency Physician) Information System (CANIS) Workshop

The Emergency Physician A Best or Burden? C. Hafner, J. Thierry, S. Grasser

Session 18: The Late Submissions

Field Test of Diabetes Tele-health Platform shows Significant
Impact on HB1Ac Reduction, Patient Satisfaction, Productivity Increase and Cost Reduction, R. de Jong, E. Leideman

eHealth for Bangladeshis: The Mobile Way, AMM Yahya, AHM Sultanur Reza
