Develop or expand your local and international business network in the field of telemedicine and eHealth. Be at Med-e-Tel to meet with a highly qualified audience of decision makers:

- association executives
- consultants
- distributors and agents
- educators and researchers
- funding agencies
- government representatives
- health insurance providers, mutualities
- home care service organizations
- hospital management and department heads
- international authorities
- medical specialists and general practitioners
- nurses
- venture capitalists, investors

An extensive international program with participants from 50 countries in Europe and around the world will put your company and solutions in front of an audience that is looking to see and hear about the latest developments in telemedicine and eHealth. Supported by a wide range of international organizations, Med-e-Tel gathers European and global healthcare leaders and providers.

Med-e-Tel also features a regional seminar, specifically targeted at healthcare administrators and professionals. It is the ideal opportunity to profile your company and services among local stakeholders and to develop your business in the Luxembourg and Belgian marketplace. The seminar is an integral part of the Med-e-Tel conference program and is endorsed by the Luxembourg Ministry of Health and the CRP-Santé (Public Research Centre for Health).

THE INTERNATIONAL eHEALTH, TELEMEDICINE AND HEALTH ICT FORUM FOR EDUCATION, NETWORKING AND BUSINESS

EDUCATION
Attend the vast conference program featuring over 150 presentations and workshops, and learn from experience built up by experts from around the world. Hear about current applications and best practice examples, see a glimpse of future trends in Telemedicine and eHealth, and their effect on the healthcare system as a whole. Get an update on new developments that will allow you to stay ahead.

NETWORKING
Med-e-Tel promotes and enhances cooperation opportunities, and is the place to establish partnerships and contacts, both globally and locally. Meet and network with healthcare and industry stakeholders, use the dedicated meeting points and events at Med-e-Tel to exchange ideas. Attend meetings from a number of international and regional associations, and expand your network.

BUSINESS
Present solutions and technology in the expo area and conference program. Use dedicated meeting rooms for one-to-one meetings with customers and new prospects or with your own sales and marketing team. Organize demonstrations to give attendees a better view on the potential behind your telemedicine and eHealth tools. Present successful business cases and customer experiences and profile your company as a leader and innovator.
MED-E-TEL - A UNIQUE AND COMPREHENSIVE FORUM FOR eHEALTH, TELEMEDICINE AND HEALTH ICT EXCHANGE

Med-e-Tel attendees are looking for news and information on products, services and new technologies. They want to learn from successful implementations and good practice cases, and bring about change management in their organization. Participants want to find out how their organization or their national health system can face tomorrow’s challenges with the use of ICT tools, and improve overall healthcare access and quality. By taking part in Med-e-Tel, you will be uniquely positioned at the crossroads of different industries and sciences, and you will reach a comprehensive audience with backgrounds in the hospital environment, nursing homes, homecare services, social care organizations, private medical practices, insurance, research, as well as in local and international government.
